

Borough of Chambersburg

New Co-Mingled Recycling Program

The Borough of Chambersburg is pleased to announce some positive changes to our community recycling program. Our existing collection program has been expanded to include the collection of steel and bi-metal cans but we've made the process easier for our customers. Recyclables can now be co-mingled into a single container! Clear and colored glass (green & amber), aluminum cans and steel and bi-metal cans can be mixed together making the entire recycling process more user friendly! We believe that placing recyclables into a single bin eliminates wasted time separating materials, reduces the amount of waste you need to put out for collection and takes the guesswork out of what goes where. The end result is that we take another positive step toward assisting in creating a healthy and sustainable environment while saving time and money.

Recycling will now be required at all community events including Chambersfest, Applefest, Ice Fest, Cinco de Mayo, July 4th Celebration, all parades and any other event or activity in the borough. The community activity's sponsor will be responsible for obtaining recycling containers from the Borough's **Sanitation Department at 261-3213**. The Borough will collect the containers at the conclusion of the event. We ask the public to be diligent in properly disposing of all aluminum cans, clear and colored glass, steel and bi-metal cans into the recycling containers. It's easy and no separation is required!

For your convenience we have listed the items to be recycled and those that are not recyclable. Please post this list in a prominent location as a reminder. Glass bottles and jars must have the lids removed, be rinsed clean and remain unbroken. Aluminum cans should be flattened.

Recyclable Materials

Aluminum cans
Bi-metal cans
Steel Cans
Clear Glass Bottles and Jars
Green & Amber Glass Bottles and jars

Non Recyclable Materials

Plastic Bottles	Scrap Metal
Cookware	Light Bulbs
Tempered Glass	Window Glass
Ornamental Glass	Glass Vases
Lids of any kind	Mirror Glass
Aluminum Foil	Pie Pans
Candle Jars	Glass Ash Trays

Leaf waste recycling now includes leaves, all garden residue, shrubbery and tree trimmings and similar materials. **Grass clippings are not included** in leaf waste recycling. White tags, **available at no cost**, can be picked up at the Borough Office, Park Avenue Pharmacy and all Sheetz stores located in the borough. Please remember that leaf waste is not collected as part of the regular refuse collection in the borough.

Borough residents may recycle newsprint at the newspaper drop-off site located at the Borough Garage, 342 West Loudon Street - **Saturdays and Sundays only**.
